

NELLO

WALL SYSTEMS

CB Richard Ellis—Baltimore, Maryland

PROJECT PROFILE

CB Richard Ellis (CBRE) is the world's premier, full-service real estate services company. Operating globally, the firm holds a leadership position in virtually all of the world's key business centers. CBRE is the global leader in real estate services and investment.

When CBRE's Baltimore location needed renovations, the project architects, Gensler, sought a contemporary and elegant frameless glass system to complement the sophisticated new office space they envisioned. The design required significant flexibility to allow for efficient office reconfigurations, as well as minimal downtime and interruptions for employees.

SOLUTION

The design team found Nello's Clarity frameless glass wall system to be the ideal solution. Completely frameless, Clarity is as sleek and beautiful as it is practical and cost effective. Nello provided numerous offices and conference rooms for CB Richard Ellis's Baltimore location.
