

NELLO

WALL SYSTEMS

RSM US—McLean, Virginia

PROJECT PROFILE

With more than 6,700 people in 75 U.S. cities, RSM US is a leading provider of assurance, tax and consulting services. The firm recently required a tenant fit-out for its offices in McLean, Virginia to accommodate the consolidation of personnel from its Gaithersburg, Maryland location.

CHALLENGE

The project architects, Washington, D.C.-based Interplan, sought a stunning, contemporary frameless glass system to complete the sophisticated new office space they envisioned for RSM US. The design required maximum flexibility to allow for efficient office reconfigurations, as well as minimal impact and downtime for existing and newly relocated employees.

SOLUTION

The design team found Nello's Clarity frameless glass wall system to be the ideal solution. Clarity enabled them to create an elegant yet flexible environment that could adapt to the changing organization with little disruption, dust, downtime, and dollars. Completely frameless, Clarity is as sleek and beautiful as it is practical and cost effective. Nello provided 67 offices, including conference rooms and teaming rooms with swing doors, to RSM US's McLean, Virginia location.
